

Dear Parents,

On July 11, 2011, the Ugly Board of Education approved a registration fee for extracurricular activities. With the additional expenses of extracurricular activities in recent years, we feel it necessary to change the current fee structure. All students participating in extracurricular activities will be assessed a registration fee of \$50 per season. The \$50 registration fee shall be paid to the Business Office by the first practice of the season. In the event of team tryouts, the registration fee must be paid when the official team is posted and practice begins. A student who quits a team will be entitled to a refund of his/her registration fee up until the start of the first game of the season. Any student quitting after the first game of the season will not receive a refund.
